Southern Caregiver Resource Center Annual Report

July 1, 2022 - June 30, 2023

Client Service Outcomes

More Competent
as a Caregiver

Better able to Manage
Care of Care Receiver

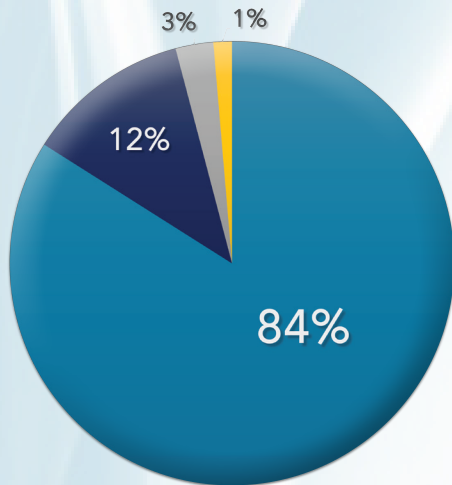

"I felt so lost before I talked to them [SCRC]. So, so lost. I was depressed, and I didn't know what to do - you know, who do I call? You don't know where you can get help. So they [SCRC] put me in a spot where I don't feel that fear anymore."

"I want to thank SCRC. They have been the best thing that's ever happened to me in my life with my mom's dementia. You've helped me be stronger within myself so that way I can care and attend to my mom. I don't even know how much more I can thank you - I would hug you all and just say thank God for you guys."
